

EQUAL OPPORTUNITIES STATEMENT

The East Sussex Hearing Resource Centre is an organisation working towards equal opportunity, ensuring equality of opportunity in employment and a high level of service to all the people of East Sussex.

It is our aim that there shall be equal opportunity in this organisation. There will be no discrimination on grounds of sex, being married, disability, colour or race which is not permitted by law; or any other irrelevant grounds, including age or having dependants (except where necessary to ensure that a job is done effectively and safely).

We also aim to create an environment in which staff, volunteers and users are able to contribute and use the service fully, whatever their background or situation.

This principle will apply to all users of our services, volunteers and in relation to recruitment, training, promotion, dismissal, transfer and all other benefits, terms and conditions of employment.

All employees and volunteers have a responsibility to apply this principle in practice and we expect our users to act in line with this statement when using our services.
